

## Home learning suggested timetable - ladybirds (W/B- 14/12/20)

Here are some activities linked to our learning in school. Please make sure that you give your child some free time to play and explore their own toys just like they would when they were 'choosing' at school. Please share the learning that you have done with the team when you return to school. Any name writing practice and letter writing will be really helpful too. If you have any questions please contact the school and I will do my best to support. ☺
